

# New! *Atlas* HARDWOOD MACHINE CABINETS

No. W-101 Floor Cabinet is recommended for bench lathes with bed lengths up to 43 inches. View above shows Atlas No. H42 F-Series 10-inch lathe on No. W-101 floor cabinet.

## •MODERN •ROOMY •RIGID

THE Atlas hardwood floor cabinets provide rigid support for all types of bench machines and have convenient covered compartments for tools and attachments. Three models are available: Nos. W-101 and W-102 (above) for bench lathes, screw machines, etc. and No. MI-750 (over) with 30" x 18" table for such tools as shapers, milling machines, and drill presses.

The Atlas cabinets are patterned after modern heavy-duty scientific laboratory furniture. Massive solid-hardwood construction of all principal parts furnishes the extra weight and rigidity required for accurate

machine work and smooth, quiet operation. All frame joints are glued, screwed and bolt-reinforced. Table board is 1 $\frac{5}{8}$ " thick.

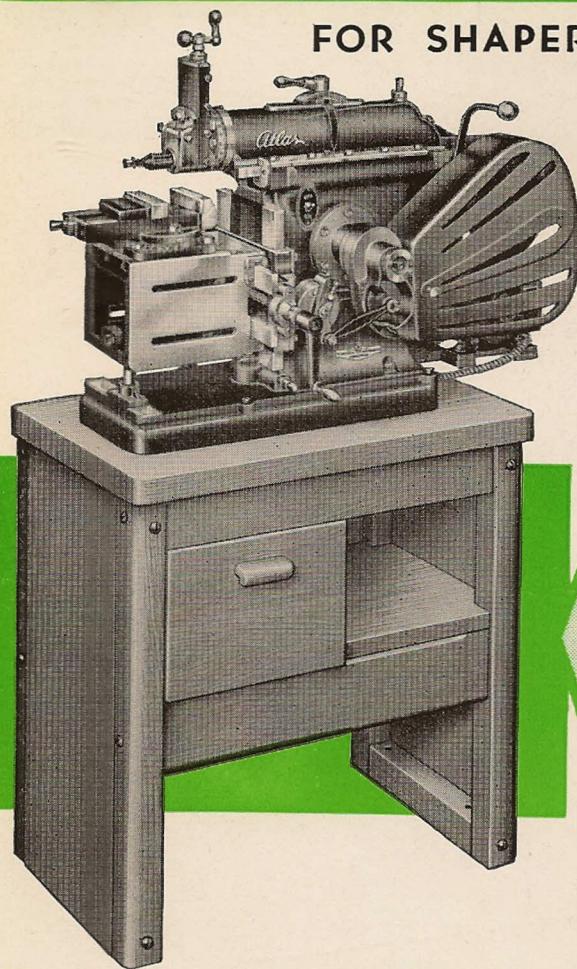

There is plenty of covered space for the clean storage of tools and accessories. Nos. W-101 and W-102 have a roomy drawer (7 $\frac{1}{2}$  inches deep) and a cupboard with pull-down door, 8 $\frac{1}{4}$  inches high. No. MI-750 (over) has one open cupboard and one doored cupboard. Doors and drawers are flush-front type, and the entire cabinet is round-cornered and natural-finished for modern attractive appearance. Each corner has a bored hole for bolting cabinet to floor.

### SPECIFICATIONS — NOS. W-101 AND W-102 FLOOR CABINETS

Order No.	For Bed Length	Table Dimensions	Overall Height	Weight	Code Word	Price
W-101	36" and 42"	45" x 14"	31 $\frac{1}{2}$ "	160 lb.	YIBCA	\$59.95
W-102	48" and 54"	57" x 14"	31 $\frac{1}{2}$ "	186 lb.	YIBDE	69.95

# *Atlas* NO. MI-750 FLOOR CABINET

FOR SHAPERS, MILLING MACHINES, ETC.

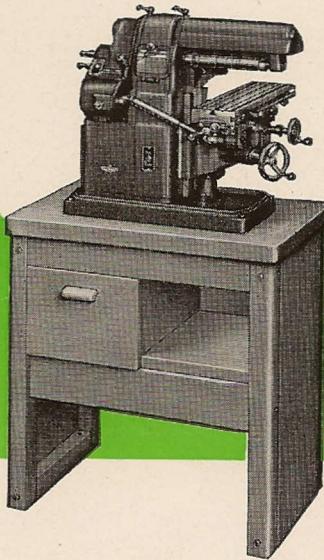

The *Atlas* No. MI-750 hardwood floor cabinet is designed to furnish firm support for shapers, milling machines, drill presses, and other bench-type machines. The top of the MI-750 cabinet measures 30" x 18".

Details of design are the same as the W-101 and W-102 cabinets described on the opposite side of this bulletin—rugged, solid-hardwood construction; bolt-reinforcing; 1 $\frac{5}{8}$ "-thick table board; modern round-cornered flush-front styling. Two roomy cupboards, each 8 $\frac{1}{4}$  inches high, provide covered space for the storage of accessories and tools—the right-hand cupboard is open-front, and the one on the left is equipped with a pull-down door with a catch at the horizontal position.
